PLANNING COMMISSION DEADLINE

The deadline for plan submission is April 20, 2021, for the next PC meeting on May 11, 2021.

SUBDIVISION PLAN FOR CARL S. III & DENISE BARKER

The revised Subdivision plan was submitted for review only by Engineer Chris Hoover, on behalf of Carl S. and Denise Barker, to show the updates requested at the last PC Meeting. Engineer Brath discussed the revisions made and the outstanding waivers to be addressed and approved by the BOS at their April 14, 2021, Regular Meeting.

715/717 RANGE END ROAD LAND DEVELOPMENT PLAN

Engineer David Habowski was present to discuss the submitted revised plan and requested waivers. Scott Barnhart was also present to address any questions. Discussion ensued regarding what has already taken place on the property, what needs to be done yet, and the telephone conversation with Engineer Brath to discuss the options available to help move this along. Engineer Habowski noted that the old structures currently on the property would be removed. He further discussed the non-conformities currently on the property and how they would be corrected. Also discussed was how a 6 feet minimum berm along the property

lines with trees on top of the berm was going to be placed, how they intend to use clean fill, the addition of handicap spaces in the parking lot, and the protection of the green area on the property.

During Public Comment, a neighboring resident, April Crisamore (705 Range End Road) voiced her concerns. She wanted to know exactly what the project was that is taking place at 715 and 717 Range End Road. April further noted that the area is looking like a dump. Lastly, April voiced concern about any disturbance to the wells currently in place and asked if there was going to be any additional future development plans.

Engineer Habowski went over the plans with April and her mother, Victoria showing them where the items of concern were located. He further discussed how the cleanup would be addressed, how the wells should not be affected, and that the current plan does not propose any further development than what is listed on the plan as of right now. Scott Barnhart of JVI stated that the owner does not want to develop anything further right now.

PC Member, Andrew Baumgardner stated that the York County Conservation District would be concerned about and making sure that there were no disturbances to the wells located near the property. He further asked if the parking area was being drained to the collection pond. Engineer Habowski confirmed that it would be.

A motion was made by Andrew Baumgardner to recommend approval to the BOS for the waiver of the requirement for Section 302, submission of Preliminary Plans.
